

BEAUNE PREMIER CRU

Les Montrevenots

TERROIR

“Les Montrevenots” plot is located on a limestone plateau under the Saint Désiré mountain but above the Clos des Mouches and close to our Pommard Premier Cru Clos Orgelot Monopole.

VINEYARD

The vineyard is cultivated organically with biodynamic preparations designed to encourage the life of the soil and its microbiological activity. The soil is worked, grass is grown in the winter and no chemical inputs are used in the treatments. It was replanted with Chardonnay in 2017 and 2022 is the first vintage to be released.

WINEMAKING

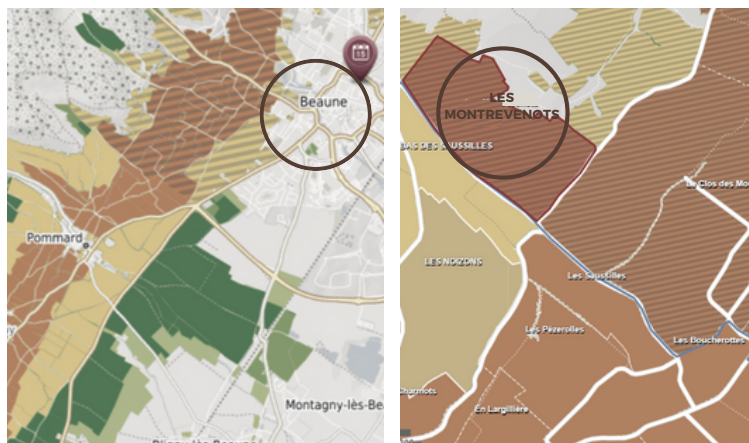

Hand-harvested. The grapes are sorted at the vineyard and then pressed slowly to enable the must to oxidise gently.

Fermentation in a 5hl sandstone jar using wild yeasts only.

Very light clarification.

The wine is then aged for 15 months without stirring and racking.

Neither filtered nor fined.

Colour: White

Grape variety: Chardonnay

Area (ha): 0.15

Planting date: 2017

Soil: Limestone

Altitude (m): 300

Exposure: South/South-West

Density (vines/ha): 10,000

Ageing potential: 5 to 9 years
